ABOUT ME

I am a 6th semester student at the Silesian University of Technology. Among my interests in the IT field, I am interested in web development and data science. I am looking for internship or in these areas. Currently, I am starting work on an engineering thesis related to web development, which I would be happy to discuss further.

*I am willing to consider relocation for the duration of the internship and relocation for a permanent position after graduation (January 2024).

Skills:

- **Python + Django**
- **Html, Css + Bootstrap**
- **SQL**
- **GIT/ Github**
- **Javascript**
- **R**
